WHY TAKE THIS COURSE

Real knowledge sometime can't be received from books; it is through direct transmission that knowledge and techniques can be received.

This requires being with the teacher and experiencing that person through observation and guided practice. Thus the subtle qualities of the senior practitioner can be received.

Come and learn from Dr Young's more than 40 years experience in teaching Tung Acupuncture.

WHAT YOU WILL LEARN FROM THIS COURSE

Tung's Acupuncture focuses on using fewer needles, usually around 6, with instant pain relief.

By attending this masterclass, you are able to develop your knowledge and skills, meaning you are able to offer more services to your patients.

Very few practitioners will have this exposure the Tung's method, setting you apart from other acupuncturists, benefiting your career and skills
